Totally Wired

The Fall

I'm totally wired.
Totally wired.
I'm totally wired.
Totally wired.

Can't you see? a butterfly stomach round ground.
I drank a jar of coffee, and I took some of these.

And I'm totally wired.
Totally wired.
I'm totally wired.
Totally wired.

Life leaves you surprised.
Slaps you in the eyes.
If I were a communist, a rich man would bale me.
The opposite applies.
The morning light.
Another fresh fight.
Another row, right, right, right, right.

And I'm totally wired.
Just totally wired.
I'm totally biased. totally wired.

You don't have to be weird to be wired
You don't have to be an American brand
You don't have to be strange to be strange
You don't have to be weird to be weird

But I'm totally wired.
Totally wired.
Just totally
Wired. I'm totally wired.

My heart and I agree. my heart and I agree.
I'm irate, peeved, irate, peeved,
Irate, bad state. bad state.

'cause I'm totally wired.

Totally wired.
Just totally wired.
Totally wired.
And I'm always worried.
And I'm always worried.
And I'm always worried.
And I'm always worried.
