

# Dynamite

## Evilsons

Kick your ass to heaven with rock n' roll tonight  
I'll make this night a special one make you feel alright  
Shoot my heat into your body give you all my size  
I'm gonna beat the beat tonight it's time to break the ice  
Dynamite, dynamite  
Dynamite, dynamite  
Hit the top together, I get you with my spell  
I'm gonna make my shot tonight take you down to hell  
Eat your meat until you're breathless twirl your hips around  
I'm gonna break my neck tonight I'll get you off the ground  
Dynamite, you're dynamite  
Dynamite, dynamite  
Get it now or never let's get it really tight

We'll make this night a special one make us feel alright  
Put your heat into my body give you all my size  
We gonna beat the beat tonight come on let's break the ice  
Dynamite, you're dynamite  
Dynamite, dynamite, dynamite  
You're dynamite  
Dynamite, dynamite  
Dynamite  
You're dynamite, baby  
Dynamite, dynamite, dynamite  
Dynamite, alright yeah  
You baby, you baby  
You're dynamite, oh yeah
