All In Love Is Fair

S Club 7

Hmm yeah yeah yeah yeah yeah yeah
Aye aye aye aye yeah aye
First he said that he wouldn't leave me
What a fool to believe that line
Just another one of his obsessions
To help to pass the timeGet it right, get it right, get it right
Don't get it wrong
'Cos if you want me
Get your ass on over here and show me
Stop wasting time
And if you need me
Get your act together boy and show me
You should be mineAll in love is fair
One of us will lose
Is it her or me?
Is it me or you?
Who's it gonna be?
What you gonna do?
Are you over me?
I'm not over you'Cos you said that you wouldn't cheat me
That our love was to last all time
She must've been a big exception
If you're not the cheating kindGet it right, get it right, get it right
Don't get it wrong
'Cos if you want me
Get your ass on over here and show me
Stop wasting time
Boy, if you knew me
Baby, you would never want to lose me
Make up your mindAll in love is fair
One of us will lose
Is it her or me?
Is it me or you?
Who's it gonna be?
What you gonna do?
Are you over me?
I'm not over youYou gotta take the good with the bad
The happy with the sad
But don't get mad if things don't go the way you planned

Just understand that real love is in demand
If you're ready for commitment girl just take my hand
And if you get lucky, love will be a cruise
There are so many roads which one you gonna choose
But there's a risk, you know you gotta take
No messing, a choice you gotta make
There's one cross you know you gotta bare
All in love is fairAll in love is fair
One of us will lose
Is it her or me?
Is it me or you?
Who's it gonna be?
What you gonna do?
Are you over me?
I'm not over youAll in love is fair
One of us will lose
Is it her or me?
Is it me or you?
Who's it gonna be?
What you gonna do?
Are you over me?
I'm not over youAll in love is fair
Can't wait another minute
One of us will lose
Is it her or me doin' it?
Is it her or me?
Can't wait another minute
Is it me or you?
Is it her or me who's doin' it
Who's it gonna be?
Can't wait another minute
What you gonna do?
Is it her or me doin' it
Are you over me?
Can't wait another minute
I'm not over you
Is it her or me who's doin' it?
