Song In My Heart

Earth, Wind And Fire

I see you growing
Your little drawing me
I love to watch
You're the bird on my wire
Can't turn me off

No need for knowing
No need for certainty
The part is such
Let the fight lead tonight

You're the one-way street I take
A flare from the sun
You're the daylight breaking ray

You're the song in my heart
You're the song in my heart
You're the song in my heart
You're the song in my heart

My mind ins dawning
How a day could be
Could be so much
You're a spark in the fire
You make your luck

You know you want to
Come and play with me
Yeah, that's the start
Let tonight be the night

You're the one-way street I take
A flare from the sun
You're the daylight breaking ray

You're the song in my heart
You're the song in my heart
You're the song in my heart
You're the song in my heart

You are the angel
Not singing in the choir
You rise above
We delight, we defy
The hand in glove

The world is waiting
For what I cannot see
No, that's not us
Let tonight be the night

You're the song in my heart
You're the song in my heart
You're the song in my heart
You're the song in my heart
