Vision

Ate One

take time to look around
past the lies, look in your soul
stand mute without a sound
the world is changing - just look away
and if you want to know the truth
I just don't know what to say
we used to stand for everything
now I can see it slipping away
take me away
cause I can't believe that you're the one to fall
I still remember when
we had a vision in our hands
and we gave it to the world
then you took your guns and blew yourselves away
in order to be good
does that mean we must be great?
everything I thought was wrong
we passed the torch
and now it's gone
