Come A Little Closer

Winger

I've seen you down town dancing with your demons
Hooked on the myth if you shake so hard you'll free them
(Don't blame me, Don't calm me, If you chain me, you know I'll break free)
Does any bodi want you ?
(Can't save me, only brave me, if you take me, Better not break me)
Does any body need you ?
Does any body thrill you ?
Yeah ! Then come a little closer ! Ouh ouh !
Yeah ! Just come a little closer honey ! Ouh ouh !
I know you think you could wink your way in
But one bite just might make your head spin
(Don't blame me, don't calm me, If you chain me, you know I'll break free)
Does anybody want you ?

(Can't save me, only brave me, if you take me, better not break me)
Does anybody need you ?
Does any body thrill you ?
Yeah ! Then come a little closer ! Ouh ouh !
Uh ! Just come a little closer honey ! Ouh ouh !
(Don't blame me, don't calm me, If you chain me, you know I'll break free)
Does anybody want you ?
(Can't save me, only brave me, if you take me, better not break me)
Does anybody need you ?
Does any body thrill you ?
Yeah ! Then come a little closer ! Ouh ouh !
Yeah ! Just come a little closer honey ! Ouh ouh !
Uh ! Just come a little closer !
Yeah ! Just come a little closer honey ! Ouh ouh
