Do What It Do

Bow Wow

Down South let me see what ya bouncin? like
West Coast let me see what ya crumpin? like
Mid West let me see what ya mono like
East Coast let me see what ya shakin? like, c?mon
You seen my tapes, seen my shows
Heard my songs, you know how it goes
Since 87 I?ve been having this effect on these females
Power to make them stand and listen to me like a sea shell
I got what they want, I know how they like it
Got what ya need, baby please don?t fight it
You know my status, know my flow
You know that nigga that you wit, he ain't even close
I?m money in da bag, all I do is pop tags
Don?t you wanna be down
With somebody that?s gonna make you smile and laugh
Don?t you wanna be down
I?m young, I?m fly and I got the swag
That you need in your life
I?m a young J.Brown, I?m super bad
Guaranteed to treat you right, let?s ride
All I need is one time and I bet you go crazy
'Cuz I'mma make you do what it do, baby
No if?s, no and?s, no but?s or maybe?s
'Cuz I'mma make you do what it do, baby
Don?t worry, don?t trip
Just hurry hurry and bring it over here baby
Don?t worry, don?t trip
Just hurry 'cuz I'mma make you do what it do, baby
Ya nigga 18 now, you ain't know
If you touch me like you did when we was kids, uh oh
It?s on, it's on, I'mma take ya home
I'm grown , I?m grown, I?ll make ya moan
If you want it, better act like you want it
'Cuz the girl right beside you want your spot
If you know what it is, act like you know
Bring your pretty self over here and drop it like it's hot
For the beezy weezy lil like easy
Say in on the tele and do it like its for TV
You could win or lose, it's up to you how you play it

You see it, I ain't gotta say it
I'm money in the bag, all I do is pop tags
Don?t you wanna be down
With somebody that?s gonna make you smile and laugh
Don?t you wanna be down
All I need is one time and I bet you go crazy
'Cuz I'mma make you do what it do, baby
No if?s, no and?s, no but?s or maybe?s
'Cuz I'mma make you do what it do, baby
Don?t worry, don?t trip
Just hurry hurry and bring it over here baby
Don?t worry, don?t trip
Just hurry 'cuz I'mma make you do what it do, baby
Down South let me see what ya bouncin? like
West Coast let me see what ya crumpin? like
Mid West let me see what ya mono like
East Coast let me see what ya shakin? like, c?mon
Down South let me see what ya bouncin? like
West Ccoast let me see what ya crumpin? like
Mid West let me see what ya mono like
East Coast let me see what ya shakin? like, c?mon
All I need is one time and I bet you go crazy
'Cuz I'mma make you do what it do, baby
No if?s, no and?s, no but?s or maybe?s
'Cuz I'mma make you do what it do, baby
Don?t worry, don?t trip
Just hurry hurry and bring it over here baby
Don?t worry, don?t trip
Just hurry 'cuz I'mma make you do what it do, baby
