City in Progress

Broadcast

We're glad that you came
We need someone to look up to
Show us the way 'cause some say
We've been using the wrong toolsDon't say that we'll pale
Into the background
Don't say that we'll fail
Even if luck's aroundPressure from above and below
None of us know who we are
Since finding a mirror in words
Some of us have lost heartDon't say that we'll pale
Into the background
Don't say that we'll fail
Even if luck's aroundWe're glad that you're here
We need someone to relate to
Show us the way 'cause we need
A place to escape toDon't say that we'll pale
Into the background
Don't say that we'll fail
Even if luck's around
