Call It In the Air

Discover America

There are a lot of things you never say
I read between the lines
I admit at times I've been unclear
I'm comin' clean, this time next year
They say, "The more you love
The less you know"
And there are places we should never go
And things I should not have to know aboutCall it in the air
Stop pretendin' like you care
Just take it all or leave it there
But just call it in the airWe were stuck together
Like two kids caught in a fire
We were stubborn
Or too stupid or too scared
To get out so what can I say?
Yeah what can I say?
I can't think of one good reason
To get up and walk awayCall it in the air
Stop pretendin' like you care
Just take it all or leave it there
But just call it in the airYou're so in love
But can't commit
You're so in love
But can't commitCall it in the air
Stop pretendin' like you care
Just take it all or leave it there
But just call it in the airCall it in the air
Stop pretendin' like you care
Just take it all or leave it there
But just call it in the air
