

On the Frontier

Renaissance

We all are standing unafraid on the frontier
We all are shadows in the shade on the frontier
When the dawn is come we will stand strong
Where we belong The day belongs to each of us our time is getting near
The way is wrong for each of us our time is getting near
The seeds of yesterday are breaking through
To you We're on the frontier now
We're on the frontier now
We're on the frontier now
We're on the frontier now We're on the frontier now So come on leave the dark behind and join the day now
It's peaceful revolution time to join the day now
Morning breaks the light will shine and find the blind We all are standing unafraid on the frontier
We all are shadows in the shade on the frontier
