Together

The Alarm Clocks

Oh ya
Alright
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
Let's do it together
See I'm your Bonnie and you're my Clyde
I'm always gonna be here by your side
And there's something you should know
Let's do it together
I know we don't always
See eye to eye
'Cause you be looking one way
And so am I
We got an understandin'
And that's just how it is
No matter what the problem
We're still makin' ends
Baby, you know
I'm loving all this time with you
Ain't letting you go
I don't wanna lose a good thing
Not too young to see
That true love comes once in a lifetime
So come with me
We can do this together
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
Let's do it together
See I'm your Bonnie and you're my Clyde
I'm always gonna be here by your side
And there's something you should know
Let's do it together
I told you from the get go
I'm down to ride
Ain't no looking backwards
We'd be one for life
Love can be so demandin'

It's all in the game
But as long as we're together
We'll make it through the rain, ya
Baby, you know
I'm loving all this time with you
Ain't letting you go
I don't wanna lose a good thing
Not too young to see
That true love comes once in a lifetime
So come with me
We can do this together
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
Let's do it together
See I'm your Bonnie and you're my Clyde
I'm always gonna be here by your side
And there's something you should know
Let's do it together
'Cause you know I'm there for you
No one can love you better
All the things that we've been through
No one can take ya place
You and I against the world
Let's make it last forever
You're the only one for me
You wantchu, I wantchu
I need you, I love you
You know I'm down and I'm there for you
I know you got my back and I gotcha too
And there's something you should know
Let's do it together
See I'm your Bonnie and you're my Clyde
I'm always gonna be here by your side
And there's something you should know
Let's do it together
