For my sake
You walk in like you were queen with your perky breast
Goddamn why don`t you just come undressed
With all those guy`s eyes on your body
who do you think you are? Bunny !
that`s right
For this night`s dolls I've sold my favourite thing again
First I cold shouldered them then
I realized that I adore all these babes
Yeah now I`m alone with these funny
Yeah now I`m alone with these funny
buuuunniiieees
Like water you`re absolutely clear
Further more you're worth being ignored
No style and easy to look through
I love your wet t-shirt your mini skirt
bounce bounce oh let me shake that thing
you`re superfly tonight
nothing but pretty that`s allright
like water you`re absolutely clear...
.....tonight we`ve got no pride
so for my sake go o
