Oh Lori

Alessi Brothers

I'd like to stay in love with you
All summer and after fall
I'll keep you warm through the winter
Because I've noticed one thing
This ain't no summer fling

I'd like to ride my bicycle with you
On the handlebars
You'd laugh and run away
And I'd chase you through the meadow
Without you I'd die
Let's never say goodbye

[Chorus]
Oh Lori
You bring the spring
The summer, fall
Ooh and winter
By the season
Oh Lori (oh Lori)
You make me feel as though
I've been born again, born again

You danced for me in your bare feet
That mellow afternoon
When we made love to each other
And I'm loving you
That's all I want to do

[Chorus]
