Beware The Moon

Vidunder

She, she was the seventh in line
She, she had my heart in no time
She seemed like the normal every day kind
She, she had a secret to hide
She, hoped that I?d never find
And where do I care, no maybe I don?t mind
Ohhh-ohh-ohh
She scares the hell out of me
Ohhh
But that?s how I like it to be
Under the moonlight
I almost died of fright
Yeah-eah-eah!
Under the moonlight
I was paralyzed
She changed right before my eyes
Under the moonlight
Well yes she was unafraid of horror films
And she liked the dark
She made up excuses to go walking in the park
I tried to leave her
Yeah But I had no luck
I was confused and amused and abused by her
She?s turning me into a nervous wreck
Make no mistake this girl was as strange as it gets
Under the moonlight
I almost died of fright
Yeah-eah-eah!
Under the moonlight
I was paralyzed

She changed right before my eyes
Under the moonlight
Heh!
Under the moonlight
I almost died of fright
Under the moonlight
Beware the Moon
Under the moonlight

I almost died of fright
Under the moonlight
Beware the Moon
Beware the Moon
Beware the Moon
Beware the Moon
Under the moonlight
I almost died of fright
Yeah-eah-eah!
Under the moonlight
I was paralyzed
She changed right before my eyes
Yeah-eah-eah!
Under the moonlight
I almost died of fright
Yeah-eah-eah!
Under the moonlight
I was paralyzed
She changed right before my eyes
Under the moonlight
