The Day I Fall In Love

James Ingram

Just an ordinary day
Started out the same old way
Then I looked into your eyes and knewToday would be a first for me
The day I fall in loveOn the day I fall in love
The sky will be a perfect blue
And I'll give my heart forever more
To someone who is just like you
The day I fall in love
People all say, love is wonderful
That the bells will ring and birds will sing and skies will open
I wonder where's that great big symphony
Roll over Beethoven won't you play with me?And I'll never promise to be true
To anyone, unless it's you
Unless its you
The day I fall in lovePeople all say love is wonderful
That bells will ring and birds will sing and skies will open
I wonder wheres that great big symphony
I'll be your Beethoven, roll over, Beethoven
Come and play with me
Just an ordinary day
Started out the same old way
Then I looked into your eyes and knew
Today would be a first for me, a first for me
The day I fall in love
I know you'll be there
The day I fall in love
