Lie Captive

Misery Signals

Woven captive in my words
Keep still, keep quiet
You are not the truth
I feel you like a fucking dagger
There has never been a worse timeIt's just like me to burn alive
I would never let you know
But I've run pens dry for you
Words into pages
Pages into hours
So hold me still in my contempt
Alone in my own burdenKeep still, keep quiet
You are not my truth
There has never been a worse timeIt's just like me to burn alive
I would never let you know
You are not truth
You are solitude
