Feels Like Today

Rascal Flatts

I woke up this morning
With this feeling inside me that I can't explain
Like a weight that I've carried, been carried away, awayBut I know something is coming, I don't know what it is
But I know it's amazing, can save me
My time is coming I'll find my way out of this longest droughtAnd it feels like today I know, it feels like today I'm sure
It's the one thing that's missing, the one thing I'm wishing
The last sacred blessing and hey it feels like today, feels like todayYou treat life like a picture but it's not a moment that's frozen in time
It's not gonna wait till you make up your mind, at all
So while this storm is breakingWhile there's light at the end of the tunnel I'll keep running towards it
Releasing the pressure that's your heartache
Soon this dam will breakAnd it feels like today I know, it feels like today I'm sure
It's the one thing that's missing, the one thing I'm wishing
The last sacred blessing and hey it feels like today, feels like todayOh oh, it feels like today I know, it feels like today I'm sure
It's the one thing that's missing, the one thing I'm wishing
The last sacred blessing and hey it feels like today, feels like today
It's the one thing that's missing, the one thing I'm wishing
The last sacred blessing and hey it feels like today, feels like today
