Guardian Angel (feat. Phora)

Anthro Beats

I believe everybody is an angel
But these demonds they try to change you
And these people keep tryna blame you
Just follow your dreams and watch where they take you
Just watch where they take you
Watch where they take you
What where they take you
And I'll be your guardian angel
So anytime you need me I'll be there for you
There for you
So anytime you need me I'll be there for you
