Dixie Lee Junction

Elf

These old boots will keep me walking
To a place I long to be
High upon a mountaintop
Down in TennesseeSaid goodbye to New York
Country living on my mind
Crowded streets and hot cement
That's what I left behindWell, just outside of Oakridge
About a 15 minute ride
Well, all I need is clean fresh air
To keep me satisfied
SatisfiedBig city living got me on the run
Big city living got me on the run
Dixie Lee Junction
Dixie Lee JunctionWell, big city living got me on the run
Big city living got me on the run
Dixie Lee Junction
Dixie Lee Junction
Oh, yeah!Yeah, big city living got me on the run
Big city living got me on the run
Dixie Lee junction
Dixie Lee Junction
Dixie Lee Junction
Dixie Lee JunctionAlright!
Dixie Lee Junction
Oh, Dixie Lee Junction
Hey, Dixie Lee Junction
Oh!
