Window Shopper

Nickelback

Oh forever's a lonely time
And the dogs aren't always
Aren't always on my mind
'Cause I didn't free them
The scenery is burning me
'Cause I'm still in it
So why don't you free me
'Cause it's not my business
What he's done to me?
Control is all you really need
And I can't believe it
I can't believe that you didn't see me
Passing glances fall on me
Like screams on deaf ears
They're all laughing at me
With encouraging cheers
What he's done to me?
Control is all you really need
And I can't believe it
I can't believe that you wouldn't free me
Why don't you see me?
Why wouldn't you free me?

I can't believe that you don't believe me
And I guess I had it comin'
My fault for not runnin'
I just dressed too tempting
'Cause your heads fuckin'
And I guess I had it comin'
My fault for not runnin'
I just dressed too tempting
'Cause your heads fuckin' empty
Oh
And I guess I had it comin'
My fault for not runnin'
I just dressed too tempting
'Cause your heads fuckin'
And I guess I had it comin'
My fault for not runnin'

I just dressed too tempting
'Cause your heads fuckin' empty
I can't believe that you don't believe me
