Far and In Between

Diffuser

L.A. lady, drive me crazy
I must confide what's on my mind
I've been watching I've been waiting
I see the signs you always lieYou wouldn't make it tough
You told me you told me
You wouldn't break it offYou told me, you told me
You wanna fall in lover
You told me you told me
You told me what I wanted to hearEvery morning is a different story
I smell the sex all on your breath
I've been down some with my bourbon
Make no mistake my heart will breakYou wouldn't make it tough
You told me, you told me
You wouldn't break it offYou told me, you told me
You wanna fall in lover
You told me you told me
You told me what I wanted to hearFar, far, far and in between
Far, far, far and in betweenYou wouldn't make it tough
You wouldn't break it off
You told me, you told me
You wanna fall in loverYou told me, you told me
You told me what I wanted to hear
You told me what I wanted to hearYou told me, you told me
You wanna fall in love
At least that's what you always told me
