Liberty

F.R. David

Love is the sun awakened in your life
That lights up all you see
Color the night sweet breeze of liberty.
Love is the sun awakened in your life
That lights up all you see.
Happy sun shine in me
Send someone to share my dreams.
Touch of love deeps the need
Let me see you my liberty.
Blue is the new horizon
Sang by the down around
That can not cease.
Love is a letter to infinity
Happy song sing in me
Send someone to share my dreams.

Touch of love deeps the need
Let me hear you my liberty.
Love is the sun awakened in your life
That lights up all you see.
Color the night sweet breeze of liberty.
Love is the sun awakened in your life
Sweet breeze of liberty.

(Horizon, sang by the down around, that,
Sweet breeze,
Love is the sun awakened in your life
Sweet breeze of liberty.
(Horizon, sang by the down around)
