

S.S. Recognize

Alien Ant Farm

Advisory - the following lyrics contain explicit language:

And back the ebb came, in fact and full of rain
And two the flow went, I think the vessel bent
Now time is precious and the rocky waves we're nauseous
And I think everything is wet, from us the ocean will be fed
What made us try to have done what we do
Let's dream of dry to not tremble in the night full sky, fuel shy
Don't you recognize, I'll rock the boat again
I'm getting scurvy, bad
Don't you recognize, I'll rock the boat again
I'm getting scurvy, bad
Now it's been days and the sun won't show her face
She will blame mistakes on me, now the cold becomes obscene
Will you just bend, think of saving my life again
This ship has made me cry, I think the next time we should fly
Full sky, fuel shy
Don't you recognize, I'll rock the boat again
I'm getting scurvy, bad
Don't you recognize, I'll rock the boat again
I'm getting scurvy, bad
Were bringing up all the sharks
'Cause all the whales have gone Mas Surr
You fail to recognize all the things that we do
Check yourself, the boat just about to sink
You're gonna choke on the salt if you try to drink
Were bringing up all the sharks
'Cause all the whales have gone Mas Surr
You fail to recognize all the things that we do
Check yourself, the boat just about to sink
'Cause we don't need you, bitch, you think you are the missed link
All the prism in the world couldn't make hue
All the rescue that I've seen don't bring you
Stand up or sit back or walk the plank
Kiss the deck and recall
All the prism in the world couldn't make hue
All the rescue that I've seen don't bring you
Stand up or sit back or walk the plank
Kiss the deck and recall
All the prism in the world couldn't make hue
All the prism in the world couldn't make
Jump, jump, jump
Shake up or walk the plank

Kiss the deck and recall of the ages attack
Shake up or walk the plank
Kiss the deck and recall Don't you recognize, I'll rock the boat again
I'm getting scurvy, bad
Don't you recognize, I'll rock the boat again
I'm getting scurvy, bad Don't you, don't you, don't you, don't you
