Ferron

There's godlike
And warlike
And strong
Like only some show
And there's sad like
And madlike
And had
Like we know
But by my life be I spirit
And by my heart be I woman
And by my eyes be I open
And by my hands be I whole

They say slowly
Brings the least shock
But no matter how slow I walk
There are traces
Empty spaces
And doors and doors of locks
But by my life be I spirit
And by my heart be I woman
And by my eyes be I open
And by my hands be I whole

You young ones
You're the next ones

And I hope you choose it well
Though you try hard
You may fall prey
To the jaded jewel
But by your lives be you spirit
And by your hearts be you women
And by your eyes be you open
And by your hands be you whole

Listen, there are waters
Hidden from us
In the maze we find them still
We'll take you to them

You take your young ones
May they take their own in turn
But by your lives be you spirit
And by your hearts be you women
And by your eyes be you open
And by your hands be you whole
