Desires

Asgaia

Now who are you to be the death of me
Stealing what life you need
Roadside while you watch me bleed
I've got to get out of here
I've got to get out of hereWell where do you get off that we revolve around your wants and needs
There's no way I would change a one side catastrophe
You are the only one in this room that is still the same
You're still the one night catastropheA liar, a liar, that's what you made of me
A wire, a wire, that's what were walking on
Desires, desires, it's all dressed down
Heavy lies the crown, heavy lies the crownThought you were the one I figured out
With no creeping doubts, no hiding ins or outs
But I was so wrong, I was so wrong
The knife that's resting in my back is proof enough for me
That you're a one sided catastropheA liar, a liar, that's what you made of me
A wire, a wire, that's what were walking on
Desires, desires, it's all dressed down
Heavy lies the crown, heavy lies the crownA liar, a liar, that's what you made of me
A wire, a wire, that's what were walking on
Desires, desires, it's all dressed down
Heavy lies the crown, heavy lies the crownA liar, a liar, that's what you made of me
A wire, a wire, that's what were walking on
Desires, desires, it's all dressed down
Heavy lies the crown, heavy lies the crown
