The Love I Meant To Say

Jimmy Collins

Over, I can't believe it's over
I can't believe the love I lived
To show some other day

Listen, I hope that you can hear me
As I kneel down and pray
With the love I meant to say

Shadows, you took away the shadows
Before your life was black and white
Though tonight the room's gone gray

Golden, all the love you gave was golden
Golden, I would gladly pay,
To show the love I meant to say

Oh, music you made me hear, such music
Without you hear to guide me,
I feel as though I'll fly away

Sorry, that's the word I want to sing to you
The other word is stay
To hear the love I meant to say
