Wind On The Water

Magna Carta

I've got no time for wasted words
I see my life like an open book
I take a look and wonder where I've been
through all the lonely days
you count the cost and turn the pages
the story begins and ends with you
lady with youand you know it's going to be forever
as long as we're together too
like the wind on the water
Wind on the water
I will fly right back to you
There you stay so easy on my mind
you make me smile you warm my day
you calm me down
you take my breath away
my lover and my friend
you read me well I ask no more
in the dark and crazy hours
you see me throughand you know it's going to be forever
as long as we're together too
like the wind on the water
Wind on the water
I will fly right back to you
and you know it's going to be forever
as long as we're together too
like the wind on the water
Wind on the water
like the wind on the water
I will fly right back to you
