S S S & Q

Robert Plant

I'll kiss the flower in your hair
I'll kiss your flower anywhere
I give you love but you don't care
I want you, ohWas it like heaven in your arms
Or was it some place else that charmed?
Oh, there something is on my arm
I want you, oh yeahHere comes the rain again
There goes another lonely day
If I could only whisper to you
I'd cross the hall and sayI spent the hours in your caress
Your caress is still the best
Oh my God, I'm in a mess
Hey, I want youHere comes the rain again
There goes another lonely day
If I could only whisper to you
I'd cross the hall and sayGirl, girl, oh, my word
Make me, take me if you would
Soak, shake splash and quake
Taste your flower, tastes so goodGirl, girl, oh, my word
Make me, take me, if you would
Soak, shake splash and quake
Taste your flower, tastes so goodDo itHere comes the rain again
There goes another lonely day
If I could only whisper to you
I'd cross the hall and sayHere comes the rain again
While your so far away
I lie and wonder whether
It's just too much to pay[Incomprehensible] to my sea
You satisfy my every need
It grows with your years
I need you, I need you, I need youGirl, girl, oh, my word
Make me, take me, if you would
Soak, shake, splash and quake
Taste your flower, tastes so goodGirl, girl, oh, my word
Make me, take me, if you would
Soak, shake splash and quake
Taste your flower, tastes so goodGirl, girl, oh, my word
Make me, take me, if you would
Soak, shake splash and quake

Taste your flower, tastes so goodOh, my word
Soak, shake splash and quake
Oh, my word
Soak, shake, splash and quakeGirl, girl, oh my word
Make me, take me, if you would
