I Could Die

Girls Names

Where you at? Tell me something
Where you at? You got nothing.

Call a girl before she bruises
Call a girl before she loses you.

I've seen your face, I know you love me
I've seen your face, come on fuck me.

Call a girl, before she bruises
Call a girl, before she loses you.

I could die, you'd still be mine, you'd still be mine
I could die, you'd still be mine, you'd still be mine
I could die, you'd still be mine, you'd still be mine
I could die.

What we is, no one knows yet
What we is, is fucking obsessed.

Call a girl, before she bruises
Call a girl, before she loses you.

I could die, you'd still be mine, you'd still be mine
I could die, you'd still be mine, you'd still be mine
I could die, you'd still be mine, you'd still be mine
I could die.

Call a girl, before she bruises
Call a girl, before she loses you

I could die, you'd still be mine you'd still be mine
I could die, you'd still be mine you'd still be mine
I could die, you'd still be mine you'd still be mine
I could die.
And you'd still be mine.
