

Aww Man (feat. Future)

Lil Bibby

[Hook: Future]

I done ran sack up, aww man
I just poured the drank up, aww man
I done turnt hoes up, aww man
That ho sittin', screamin' "aww man"
We done seen a lot of shit never had it
Till you get money boy, you know you got it
I ain't show you how to do it, aww man
Got my whole city screamin' "aww man"[Verse 1: Lil Bibby]

When I pull on lil bitch be like damn
Got 'em turnt in the club, and this our town
My neck and my wrist full of diamonds
Poppin' some shit from designers
I told Future pull out the Wraith
Let's flex and finesse for the cameras
I'm just gone pour up the syrup
I dropped a four in the Fanta
I told that lil bitch give me head
She said "boy where's your manners"
I need two hoes, 24/7 hey
I keep two poles, all my niggas felons[Hook: Future]

I done ran sack up, aww man
I just poured the drank up, aww man
I done turnt hoes up, aww man
That ho sittin', screamin' "aww man"
We done seen a lot of shit never had it
Till you get money boy, you know you got it
I ain't show you how to do it, aww man
Got my whole city screamin' "aww man"[Verse 2: Lil Bibby]

Whippin' that work like a spatula
I stay a ghoul like I'm Dracula
I keep the keys like a janitor
Holla at me nigga I'm manager
You think you Tony Montana huh?
Cause you be sniffin' the Hanna, huh?
AR-15 and it'll damage her
Make you do 5th out the banister
All of my young niggas shooters
I got a bitch work at Hooters

I do not fuck with you (?)
Extended clip it like rulers
She see my nigga I see like "aww man"
Pockets be full of that aww man
I'm gone off a Zan
She can't understand me
I'm too out, I don't care about what ya'll sayin'
