Burn

Matt Champion

She been getting high all summer
Think I'm falling for her, falling for her
Party girl got the drugs on her, drugs on her
Going both, so the girls on her, girls on her
Got your marmalade sweater with the violet hue
Why I feel alone when I'm with you?
Why I give a fuck if I ain't got you?
When we paint the sky, it's always blue
Pill poppin' under palm trees, [?]
Got a purple coconut in the sunset
Oh ooh, you're a little raunchy, mami
I know why they wanna make it rain on you
Umbrella through summer, make it rain on you
Call me just to tell me, yeah, you hate me, I know
Name sound like something
You pop at a show
I just want us to be alone
Don't you burn me
Don't you burn me babe
Don't you burn me
Oh no, don't burn me babe
Don't you burn me
Please don't burn me
Don't you burn me
Oh no, don't burn me babeWe were alone
Drugs is all gone
Tasting your tongue
Fighting your words
I lose sleep over you and now it's gotten unhealthy
I was feeling rich but now I'm feeling unwealthy
Things that I can tell through your eyes, but you don't tell me
Willingly you take any dream that downsell me
Bet you still sleep with that bullshit that I got you
Even though whoever I'm sleeping with always not you
You could always come back now, you know I got you
When I'm [?] on life, on the road, guess I lost you
Drunk texts happening at 2am, you and him
Fuck him, fuck me, I got about two of them
Believing all the gossip from your stupid friends

Even though them bitches don't know me and they could all blow me
Whoever told you all of them lies, girl they don't know me
You could see it's nothing to hide, girl they don't know me
It's 3 a.m., I had a panic attack
Got to throw it out in the open on the yell and reactDon't you burn me
Don't you burn me babe
Don't you burn me
Oh no, don't burn me babe
Don't you burn me
Please don't burn me
Don't you burn me
Oh no, don't burn me babeWe were alone
Drugs is all gone
Tasting your tongue
Fighting your wordsDon't you burn me
Don't you burn me babe
Don't you burn me
Oh no, don't burn me babe
Don't you burn me
Please don't burn me
Don't you burn me
Oh no, don't burn me babeLooking at your phone all night, all night
You ain't gon sleep all night, all night
All she wanna do hit a lick, hit a lick
All she wanna do hit a lick, hit a lick
You ain't gotta burn but you get your flame onDon't you burn me
Don't you burn me babe
Don't you burn me
Oh no, don't burn me babe
Don't you burn me
Please don't burn me
Don't you burn me
Oh no, don't burn me babe
