The Opening

Ane Brun & Fleshquartet

When there's so much darkness closing in
Just swerve around slowly
You'll find an opening.
A light will appear like an animal between the trees
There you'll find your pocket of peaceMake a perfect circle, it's all around you
Put your mark on the map anywhere or nowhere
It's up to you it's not too late to find an openingTrace a track until you find the end
There's a clearing in every forest, at least one for every man
The light will appear like an animal between the trees
There you'll find your pocket of peace
Make a perfect circle it's all around you
You know that everything lingers for you to follow through
||: It's up to you
It's not too late to find an opening
do you wanna rediscover or do want it all to be over
do you want to see the meaning of the circleing?
