Candy Cigarette

Boy in Static

Three PM and she's under the covers
Dumpster breath she's my hungover lover
Strong as steel, four olive martini
Hand on her head and one on my weinie

She's in bed, she's suckin' on a candy cigarette
She's in bed, she's suckin' on a candy cigarette
She's in bed, suckin' on a candy cigarette
Suckin' on a candy cigarette

Three PM and we're slow to recover
We're hangin' out and well hungover
This Ernie Steele's makes a mean martini
So pass the fire and light me sweetie

She's in bed, suckin' on a candy cigarette
She's in bed, she's suckin' on a candy cigarette
She's in bed, suckin' on a candy cigarette
Suckin' on a candy cigarette
