Lead Us On

Kristian Stanfill

Trade our human dreams
For what we cannot see
What our hands can hold
For eternal things
Give our moments for
Endless glory
'Cause we wanna be the ones
Who follow where You lead
We are believing there is more that
We've not seen
So lead us on, lead us on
To light and revelation
Lead us on, lead us on, oh Lord
Lead us on, to Your heart
Your purpose and Your passion
Lead us on, to Your heart, oh Lord
'Cause we wanna be the ones
Who follow where You lead
'Cause we wanna be the ones
Who hear You when You speak
We are believing there is more that
We've not seen
