nothing

The Mars attacks

Hold me don't let go, cos I'm revelling in insecurity It's so unlike me, yes I know. But what am I to do with how I feel. I just keep on wondering, pondering what to do. I beat up on myself and everybody else, I'm so confused. You say let's compromise, head for the skies. Nothing to lose. I've got nothing to lose. So please don't leave me here. I'll be lost without you. Don't make me stay. Cos I'll only be in the way. Don't say I told you so and that my argument is wearing thin. Sometimes I'm ugly, beautiful. Say I'm hormonal and I'll punch you in. Cos I just can't make up my mind any time, I'm not like you. Don't put words in my mouth or I'm heading south right on cue. You said let's compromise head for the skies. Nothing to lose. I've got nothing to lose. So please don't leave me here. I'll be lost without you. Don't make me stay. Cos I'll only be in the way. Just can't make up my mind, anytime, I'm not like you. Don't put words in my mouth or I'm heading south right on cue. You say let's compromise, head for the skies. Nothing to lose. I've got nothing to lose. So please don't leave me here. I'll be lost without you. Don't make me stay. Cos I'll only be in the way
