Simpatico

William Ellwood

(Hey baby)
(..kind of cute)
(I like the way you think too)Like mind body and soul
(we've got a lot in common, you know)
Like mind body and soul
Like mind body and soul
(seems I've known you all my life)
Like mind body and soul
Like mind body and soulYou're as sweet as can be
Your love is heavenly
I ask for just one thing
That I can be the girl of your dreamsOh, you know you can understand why
I love the way your mind thinks
It's because we're incredibly in synchSimpatico
Suddenly as lovely as your eyes, there's no surprise
You simply mesmerize me
Simpatico
(the) heavens above they've truly shine upon your face
We're, we're in simpatico
We're in simpaticoYou're as fine as fine can be
Your touch, it sets me free
I think I'll stick around
Your love just seems to be the best I've ever foundOh, I know you can understand why
You love the way my mind thinks
It's because we're incredibly in synchSimpatico
Suddenly as lovely as your eyes, theres no surprise
You simply mesmerize me
Simpatico
(the) heavens above they've truly shine upon your face
We're, we're in simpatico
(x2)Like mind, body and soul(x2)(Chorus x2)
