Beautiful Night

Pam Tillis

Well I think I found the sense in all of this
All that's left for us is just that final kiss
Though we never knew it when
Our beginning soon would end
Ignorance was blissWe talked about how you would own the world
King of crazy boys and pretty girls
Looking at those fantasies
What really counts is you and me
Leave the rest behind.Hold on to the beautiful night
There's no need to worry cuz I won't turn on the light
Hold on to all that I know
Tonight I can touch you, but tomorrow I let you go
Oh-oh-oh, oh-oh-oh-oh,
Oh-oh-oh, oh-oh-oh Beautiful.Seems that I've been searching my whole life
You made me see the world with different eyes
The strength that I was looking for
It doesn't matter anymore
I found it deep inside.Hold on to the beautiful night
There's no need to worry cuz I won't turn on the light
Hold on to all that I know
Tonight I can touch you, but tomorrow I let you go
Oh-oh-oh, oh-oh-oh-oh,
Oh-oh-oh, oh-oh-oh Beautiful.It's hard to say hello, harder to say goodbye
I had to let you go, wo-ah, wo-ah, wo-ah
It's hard to say hello, harder to say goodbye
I had to let you go, wo-ah, wo-ah, wooo.Hold on to the beautiful night
There's no need to worry cuz I won't turn on the light
Hold on to all that I know
Tonight I can touch you, but tomorrow I let you go
Oh-oh-oh, oh-oh-oh-oh,
Oh-oh-oh, oh-oh-oh Beautiful.
