

Lady of Mine

[Josh Kelley](#)

Red lights lead to green lights
And the exit of her heart
Our fights lead to long nights
And the wrong way to part Lady of mine
Give me one more try
'Cause I can do better
So much better Her love's what I'm made of
They're the boundaries that we choose
Oh, teach me just what you've seen
With the patience of your youth Lady of mine
Give me one more try
'Cause I can do better
So much better Lady of mine
Don't say your goodbyes
'Cause I can do better
So much better You can
Through your weight
My way you're the best remedy
You're the best medicine that I know Lady of mine
Give me one more try
'Cause I can do better
So much better Lady of mine
Don't say your goodbyes
'Cause I can do better
So much better, better, better love
