What About Us?

John Barrowman

Guess we've been talking too long
We know what we need
SeparatelyYou say the honeymoon's over
I don't wanna push
But what about us?It's ringing in my head
It's not what you say
It's what you have saidSo what about us? What about love?
What about saying that we'll never give up
Don't wanna blame you, we're in danger
So what about us?Guess we've been trying too hard
We misunderstood what's good for us
I'm tired emotionally inside
Night after night, we fight till we cryI don't know what's wrong or right
Is every word you say
What's really on your mind?So what about us? What about love?
What about saying that we'll never give up
Don't wanna blame you, we're in danger
So what about us?When we love, we lie
When we talk, we hide
Maybe I'm searching lightI'm worn out, confused
What are we to you?
What do we do when?
What do we do when?What about us? What about love?
What about saying that we'll never give up
Don't wanna blame you but we're in dangerSo what about us? What about love?
That's the one thing we never discuss
Don't wanna blame you but we're in danger
What about us?Let's talk about us
