Black Widow

Kyuss

Give me now
Give me now
Give me now
Give me now
Give me now
Give me awayGive me a fucking reason
A reason I should stay
Kill for business or for pleasure
Any way you choose
It doesnt matter how or why
'Cause either way you lose, yeahGive me now
Give me now
Give me now
Give me now
Give me now
Give me awayGive me a fucking reason
A reason I should stay
Kill for business or for pleasure
Any way you choose
It doesnt matter how or why
'Cause either way you lose, yeah
Yeah
