Filthy Hands

Roman Holiday

In the middle of an empty home
You sit alone and you wonder why
Everybody up and disappeared
Your biggest fear
Right in front of your eyes
By now you know why

Fire and blood are running through your veins
I go insane
When you get this way
Take another sip and look around
You're going down
On your own this time
By now you know why

I don't wanna see you on your knees
I don't wanna hear you begging please
Don't leave me by myself

You're always looking for another one
To get you some
To come and pick you up
Get your filthy hands up out of here
I live in fear
Of who you've touched
By now I know too much

I don't wanna see your longing eyes
I don't wanna hear your sorry crying
Don't leave me by myself

By now you know why
By now
