Walkin'

Thundercat

When its just you and me..
There's no place I'd rather be..
You make me days bright as the sun
Each moment with you I adore
Cuz' there is no one like you girl
I'm just a fool for you baby
I need you back home..lalalalalalalalalalalalalalalalalalalalalalala
lalalalalalalalalalalalalalalalalalalalalalalaThere's nothing I wouldn't do
To put myself closer to you..
Every time that I look in your eyes
I see a reflection of me...
Don't ever leave me alone..
Without you where would I be?lalalalalalalalalalalalalalalalalalalalaala
lalalalalalalalalalalalalalalalalalalalalalaalala....
