Say What's In Your Heart

Restless Heart

Sometimes a woman and a man make plans
And then change in the middle of the stream
Why does the flame die, and where does the blame lie?
And what becomes of their dreams?Will I be startin' on my own again brand new?
Or will I be rebuilding what I once had with you? Tell meSay you don't need me and I'll be gone
Say that you want me and I'll come home
I can take anything but standing in the dark
Don't hold nothing back, please say what's in your heartWe always said we'd tell each other everything
That we were feeling deep inside
Now when I see your eyes, no matter how you try
You're feeling something you can't hideEveryone knows the way that love's supposed to be
But in the real world there ain't no guarantee, babySay you don't need me and I'll be gone
Say that you want me and I'll come home
I can take anything but standing in the dark
Don't hold nothing back, please say what's in your heartI'll still love you no matter what you say
I'll stand beside you, but I won't stand in your way, babySay you don't need me and I'll be gone
Say that you want me and I'll come on home
I can take anything but standing in the dark
Don't hold nothing back, please say what's in your heart
Just say what's in your heart
