Alive

Gareth Gates

I see so much beauty
Hidden way beneath your skin
That sure ain't no sin
You say you ain't pretty
Not in any place it counts
But I am blind to all that you doubtIt ain't perfection for which I would die
It ain't just somebody that's made me feel aliveCant stop dreaming about this good love
Wishes come true
See heaven sent me
Angel looking just like you doCant stop dreaming about this good love
Prayers get answered
Sometimes baby
You make me feel aliveYou know why he wants you
But I ain't the same as him
I look a little further within
Your life has had some long night
All those tears I wipe away
Just close your eyes and hear what I sayIt ain't perfection for which I would die
It ain't just somebody that's made me feel aliveCant stop dreaming about this good love
Wishes come true
See heaven sent me
Angel looking just like you doCant stop dreaming about this good love
Prayers get answered
Sometimes baby
You make me feel aliveI never thought I'd find the one
It's like a dream
Gotta get closer to you
If you know what I meanBaby, don't be scared
I'd never hurt you, never lie
The truth is I need you
'Cause you make me feel alive, yeahCant stop dreaming about this good love
Wishes come true
See heaven sent me
Angel looking just like you doCant stop dreaming about this good love
Prayers get answered
Sometimes baby
You make me feel aliveCant stop dreaming about this good love
Wishes come true
See heaven sent me

Angel looking just like you doCant stop dreaming about this good love
Prayers get answered
Sometimes baby
