One False Move

MC Ren

Badung bangRen, you're dangerous, you know you bat like a week
Ren, you're dangerous, gun shots from Juagardonlee
Dangerous, me know you bat like a week
Ren, you're dangerous, gun shots from JuagardonleeMove, now let me fall into the groove
Breakin' niggaz off but I break 'em off smooth
Used to try to pimp but the hoe's got old
A nigga can't remember how much dope that I soldIn my youth, the shit is the truth, go to jail for the proof
Niggaz makin' records sellin' two copies
Tryin' to fuck with me because your rap's sloppyNow back in your cage your wings are short
You tall, dirty motherfuckers dig the basketball courts
I can tear ya ass up in a rhyme
But I won't mention your name 'cause that's a waste of my timeSo I call my niggaz, Chip and Dollar Bill
Scoop up to the hill when we move in for the kill
Never retreat you dirty nigga take a seat
Big motherfuckin' feet, with your wack assed beatsSo Train, what up? Cut 'em with the shape
Make the nigga walk the plank, the dirty nigga always stank
Nigga better raise like the Titanic
Ain't from Atlantic but I'll make your ass panicAnd that's only one step, pride is kept
A glass of piss weigh as much as your rep
Nigga your throughOne false move and a motherfucka's dead
From one nine millimeter shot to the head
One false move and a motherfucka's dead
From one nine millimeter shot to the headRen, you're dangerous, you know you bat like a week
Ren, you're dangerous, gun shots from Juagardonlee
Dangerous, me know you bat like a week
Ren, you're dangerous, gun shots from JuagardonleeQuad is kept, I step
With the nine millimeter come
Complicated with the gat to the back of the devil's head
Then I pull the trigger till he deadRed rum's all I can see when I close my eyes at night
Dreamin' of vision of murderers comin' with butt
While Satan's out to fight, I ain't rappin' to tight
You're fuckin' with a motherfuckin' madmanThat don't take shit from a redneck chick
You can put your mouth up my steel dick
And suck until I pull my trigger come, ejaculate my gun
What'll be done, when I be makin' your blood runInto the stretch and motherfuck that white trigger
That got his fuckin' ass beat
Many be pussy poppin' can't attain for that knee
But not so many as I gave so much a buck, buck from meBuck but it gets it up, I'm tryin' to defend my own skin
From a nigga who loves crackers, so come and ya, jack 'em

Sleep with the enemy and get treated as such
The convicted followed no bust and lust for you
To make that one false moveOne false move and a motherfucka's dead
From one nine millimeter shot to the head
One false move and a motherfucka's dead
From one nine millimeter shot to the headBut if every nigga grabbed a nine
And started shootin' motherfucker's
It would put 'em in line
And started shootin' motherfucker's
It would put 'em in lineI was never the one to run with the pack
But was the mastermind for settin' up the jack
So if they every saw my beamin' it wasn't from crack
I musta been beamin' them grubs to hit the sackAnd let me remember the days of way back
When everybody was homies and no one played that
Rockin' 'em, sockin' 'em, knockin' 'em out the box
Now tell me, what's up?Look at me wrong, fool
You get tossed up I mean fucked up, you lucked up
I didn't come out a long time ago, with the fast or the slow flow
And callin' me wack, no, that's a no, noThe style just so wild, while your style just so, so
Nasty, they can't pass me, it's too fast see
Niggaz that blast fast I don't let 'em blast me
Usin' my mind like a nine millimeter to abuse
So don't make one false moveOne false move and a motherfucka's dead
From one nine millimeter shot to the head
One false move and a motherfucka's dead
From one nine millimeter shot to the headRen, you're dangerous, you know you bat like a week
Ren, you're dangerous, gun shots from Juagardonlee
Dangerous, me know you bat like a week
Ren, you're dangerous, gun shots from JuagardonleeMany more will laugh and suffer
Many more will laugh and die
One false move and it's an eye for an eyeRen, you're dangerous, you know you bat like a week
Ren, you're dangerous, gun shots from Juagardonlee
Dangerous, me know you bat like a week
Ren, you're dangerous, gun shots from JuagardonleeYeah, I'm ready to die today
