## Jahmal

It's a tied rope  
your Life lives  
someone else

I've found the mood  
break to another world

I got to tell them  
I was the one before  
and it's not my fault  
I'm what you adore  
Take my flesh I am real  
what you gonna do  
if I let you feel

Cuts

I'm not a maniac  
cuts

I'm not a maniac  
The time is up  
fighting against the miserables  
when I step into your room  
I know what's on your mind  
so shut your mouth  
I was the one before  
I cut your tongue

I'm what you ignore  
It is true I'm healed  
so what you gonna do  
if I let you feel

My cuts

I'm not a maniac  
cuts

I'm not a maniac  
Say it

I know you can't  
follow cause I'm to fast  
say it

I know you can't

Lay with me

Cuts

I'm not a maniac  
cuts  
I'm not a maniac  
Say it, Say it again
