I Want You

Mitski

I want you
I hold one card
that I can't use
but I want youYou're coming back
and it's the end of the world
We're starting over
and I love you darling
and I am done hereYou're in the house
and I am here in the car
I just need a quiet place
where I can scream
how I love youI found you
I found the door
but when I stepped through
there was no floorYou're coming back
and it's the end of the world
We're starting
and I love you darling
and I am done hereYou're in the house
and I am here in the car
I just need a quiet place
where I can scream
how I love youI want you
I want you
