Beautiful Girl

Mayor McCa

When I wake up to your smile
Nothing else compares
And angel sent to here
My beautiful girl
When you look at me that way
You and I both know
I'm helplessly in love
My beautiful girl
I never thought I'd have such a precious gift
With you everything's so clear
You fulfill my life
Your laughter and your joy
Make my spirit fly
You're my beautiful girl
A miracle sent to me
You're my rainbow of light
I'm cherishing this time we have
You sparkle there in my eye
Angel it's your time to fly
Angel you shine
All the dreams I have are in you

Child of mine
Your story now begins
Each journey that you take
I won't be far away
My beautiful girl
I can't remember life before
Now we are one, this I know
A miracle sent to me
You're my rainbow of light
I'm cherishing this time we have
You sparkle there in my eye
Angel it's your time to fly
Angel you shine
My rainbow of light
You sparkle there in my eyes
Angel it's your time to fly
Angel you shine

All the dreams I have are in you
Child of mine
All the dreams I have are in you
Child of mine
