Salvation Blues

Mark Olson

Theres such joy and sweet moments
To be found in this world
We know theyll come to an end
Just how makes our hearts hurt
Salvation blues and these blues will help us all[Incomprehensible]
'Til we do something good
In the morning, the things we once did
Overboard, false friends ignoredAll these long ends and the gifts we had to give
How did we live? Tuesday is trash day
Leave the clothes outside the door
Salvation blues and these blues will help us allTheres all kinds of death tricks
Roamin in these hills
Theres all kinds of medicine
That will make you ill
Salvation blues and these blues will help us all[Incomprehensible]
'Til we do something good
In the morning, the things we once did
Overboard, false friends ignoredAll these long ends and the gifts we had to give
How did we live? Tuesday is trash day
Leave the clothes outside the door
Salvation blues and these blues will help us allTheres such joy and sweet moments
To be found in this world
Theres such joy and sweet moments
To be found in this worldSuch joy in sweet moments
To be found in this world
Theres such joy and sweet moments
To be found in this world
