Take it all back

Ryan Sheridan

Walking down the new
Innocent view of what I do their all gone now
And the years that make my edge
Treated me well and I am in my place
But I'm kept in this cage
Oh I know I make my bed
The sleeping part is my biggest fear
It's the vein in my head
Oh let me start again
Let me take the reigns for once
Oh its hard to explainI mouth that
You
Oh you
Do you think you can take it all back now
All all
I wish I could give it all back
To you
Oh you
Do you think you can take it all back now
All all
Well I cant survive if I know where to go toStand up shout out I want to be heard
we'll I kept this in for what for who for you miss ?
I've got my bobo tricks and my bobo yes and more
gonna burn them both do what I like its my choice its my show.. i mouth that
You
Oh you
Do you think you can take it all back now
All all
I wish I could give it all back
To you
Oh you
Do you think you can take it all back now
All all
Well I cant survive if I know where to go toI tear apart
gonna tear apart
for my freedom
for my freedomYou
Oh you
Do you think you can take it all back now

All all
I wish I could give it all back
To you
Oh you
Do you think you can take it all back now
All all
Well I cant survive if I know where to go to
